# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: US OSHA Hazard Communication Standard (29 CFR 1910.1200)

AXXENC

Hazards not otherwise classified (HNOC)

#### Label elements

#### Hazard statements

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

#### **Precautionary Statements - Prevention**

Use explosion-proof electrical/ ventilating/ lighting/ equipment.

#### Hazards classified under paragraph (d)(1)(ii) of 1910.1200

No information available.

#### Other information

May be harmful if swallowed. May be harmful in contact with skin. Harmful to aquatic life with long lasting effects.

#### 3. Composition/information on ingredients

#### **Product Name**

trans-2-Octenal-US 1% in Triacetin-USOC

Substance

Not applicable.

Mixture

Molecular weight 126.2 g/mol

| Chemical name      | CAS No.  | EC No (EU Index No) | Weight-% | Trade secret |
|--------------------|----------|---------------------|----------|--------------|
| Triacetin, Natural | 102-76-1 | 203-051-9           | 99       | -            |

| 4. First-aid measures  |   |  |  |
|--|---|--|--|
| Description of first aid measures  |   |  |  |
| Inhalation<br>Eye contact  | Remove to fresh air.<br>Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids.<br>Consult a physician. |  |  |
| Skin contact<br>Ingestion  | Wash skin with soap and water.<br>Rinse mouth.  |  |  |
| Most important symptoms and effects, both acute and delayed                |   |  |  |
| Symptoms   | No information available.   |  |  |
| Effects of Exposure  | No information available.   |  |  |
| Indication of any immediate medical attention and special treatment needed |   |  |  |
| Note to physicians   | Treat symptomatically.  |  |  |
| 5. Fire-fighting measures  |   |  |  |
| Flash point  | 136 °C / 276.8 °F   |  |  |
|  |   |  |  |

| Flammability Limit in Air<br>Upper flammability or explosive<br>limits   | No data available   |
|--|---|
| Lower flammability or explosive limits   | No data available   |
| Suitable Extinguishing Media   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.   |
| Unsuitable extinguishing media<br>Specific hazards arising from the<br>chemical  | Do not scatter spilled material with high pressure water streams.<br>No information available.  |
| Explosion data<br>Sensitivity to mechanical impact<br>Sensitivity to static discharge  | None.<br>None.  |
| Special protective equipment and<br>precautions for fire-fighters  | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.  |
| Special attention to fire and explosion  | None  |
| 6. Accidental release meas   | ures  |
|  | uipment and emergency procedures  |
| Personal precautions   | Ensure adequate ventilation.  |
| Methods and material for containme   | nt and cleaning up  |
| Methods for containment<br>Methods for cleaning up<br>Prevention of secondary hazards  | Prevent further leakage or spillage if safe to do so.<br>Pick up and transfer to properly labeled containers.<br>Clean contaminated objects and areas thoroughly observing environmental regulations.   |
| 7. Handling and storage  |   |
| Precautions for safe handling  |   |
|  |   |
| Advice on safe handling  | Handle in accordance with good industrial hygiene and safety practice.  |
| Advice on safe handling<br>General hygiene considerations  | Handle in accordance with good industrial hygiene and safety practice.<br>Handle in accordance with good industrial hygiene and safety practice.  |

| Melting point / freezing point  | No data available                                    | None known       |
| Boiling point (or initial boiling point or                                  | 265 °C / 509 °F                                      | None known       |
| boiling range)  |  |                  |
| Flammability  | No data available                                    | None known       |
| Flammability Limit in Air   |  | None known       |
| Upper flammability or explosive limit                                       | s No data available                                  |                  |
| Lower flammability or explosive limit                                       | s No data available                                  |                  |
| Flash point   | 136 °C / 276.8 °F                                    | CC (closed cup)  |
| Autoignition temperature  | No data available                                    | None known       |
| Decomposition temperature   | No data available                                    | None known       |
| SADT (°C)   | No data available                                    | None known       |
| рН  | No data available                                    | None known       |
| pH (as aqueous solution)  | No data available                                    | None known       |
| Kinematic viscosity   | No data available                                    | None known       |
| Dynamic viscosity   | No data available                                    | None known       |
| Solubility  | Alcohol Oil Propylene Glycol Triacetin Ethyl acetate | None known       |
| Water solubility  | No data available slightly soluble                   | None known       |
| Partition coefficient n-octanol/water (log value)                           | g No data available                                  | None known       |
| Vapor pressure (includes evaporation ra                                     |  | None known       |
| Evaporation rate  | No data available                                    | None known       |
| Density and/or relative density   | 1.1508 - 1.1608                                      | None known       |
| Bulk density  | No data available                                    |                  |
| Liquid Density  | No data available                                    |                  |
| Relative vapor density  | >1.0   | None known       |
| Particle characteristics  |  | None known       |
| Particle Size   | No data available                                    |                  |
| Particle Size Distribution  | No data available                                    |                  |
| Other information   |  |                  |
| Molecular weight 126  | 6.2 g/mol  |                  |

#### 10. Stability and reactivity

ReactivityNo information available.Chemical stabilityStable under normal conditions.Possibility of hazardous reactionsNone under normal processing.Conditions to avoidNone known based on information supplied.Incompatible materialsNone known based on information supplied.Hazardous decomposition productsNone known based on information supplied.

#### 11. Toxicological information

Information on likely routes of exposure

| Inhalation<br>Eye contact<br>Skin contact<br>Ingestion  | Specific test data for the substance or mixture is not available.<br>Specific test data for the substance or mixture is not available.<br>May be harmful in contact with skin.<br>Specific test data for the substance or mixture is not available. |  |  |  |
|---|---|--|--|--|
| Symptoms related to the physical, chemical and toxicological characteristics                    |   |  |  |  |
| Symptoms  | No information available.   |  |  |  |
| Acute toxicity  | No information available.   |  |  |  |
| Numerical measures of toxicity<br>The following ATE values have been calculated for the mixture |   |  |  |  |
| ATEmix (oral)   | 3,030.30 mg/kg  |  |  |  |
| ATEmix (dermal)   | 2,020.20 mg/kg  |  |  |  |
| ATEmix (inhalation-gas)   | 99,999.00 ppm   |  |  |  |
| ATEmix (inhalation-dust/mist)   | 1,738.40 mg/l   |  |  |  |

#### **Component Information**

ATEmix (inhalation-vapor)

| Chemical name                  | Oral LD50      | Dermal LD50           | Inhalation LC50      |
|--------------------------------|----------------|-----------------------|----------------------|
| Triacetin, Natural<br>102-76-1 | = 3 g/kg (Rat) | > 2000 mg/kg (Rabbit) | > 1721 mg/L (Rat)4 h |

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure\_

99,999.00 mg/l

Skin corrosion/irritation Serious eye damage/eye irritation Respiratory or skin sensitization Germ cell mutagenicity Carcinogenicity Reproductive toxicity STOT - single exposure STOT - repeated exposure Aspiration hazard Other adverse effects Interactive effects No information available. No information available.

#### 12. Ecological information

| Ecotoxicity                    | Harmful to aquatic life with long lasting effects. |  |                               |  |
|--------------------------------|--|--|-------------------------------|--|
| Chemical name                  | Algae/aquatic plants                               | Fish                                     | Toxicity to<br>microorganisms | Crustacea                              |
| Triacetin, Natural<br>102-76-1 | -  | LC50: >100mg/L (96h,<br>Oryzias latipes) | -                             | EC50: =380mg/L (48h,<br>Daphnia magna) |

Persistence and degradability Bioaccumulation

## y No information available.

#### **Component Information**

| Chemical name      | Partition coefficient |
|--------------------|-----------------------|
| Triacetin, Natural | 0.25                  |
| 102-76-1           |                       |

Other adverse effects

No information available.

| 13. Disposal considerations                                      |   |  |
|--|---|--|
| Disposal methods   |   |  |
| Waste from residues/unused<br>products<br>Contaminated packaging | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.<br>Do not reuse empty containers. |  |
| 14. Transport information  |   |  |
| <u>DOT</u>   | Not regulated   |  |
| ΙΑΤΑ   | Not regulated   |  |
| IMDG   | Not regulated   |  |

#### US Federal Regulations

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### CAA (Clean Air Act)

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals

#### U.S. State Right-to-Know Regulations

This product does not contain any substances regulated under applicable state right-to-know regulations

| Chemical name | New Jersey | Massachusetts | Pennsylvania |
|---------------|------------|---------------|--------------|
